

Confirmation of Observation Hours
Volunteer State Community College

The Physical Therapist Assistant program at Volunteer State Community College now requires that all applicants complete a total of 16 hours of volunteer or observation hours prior to application to our program. Due to the large number of applicants we have each year for the 32 available openings in the program, this helps to assure us, as well as you, that this is truly THE field for you.

Please complete a copy of this form at each site and have it signed by your contact person at that facility and include all copies in your application packet for the PTA program.

Date: _____

Your Name: _____

Number of hours: _____

Name of Facility: _____

PT/PTA: _____
