### \*MINORITY OWNERSHIP CLARIFICATION

“Minority-owned” business means a business which is solely owned, or at least fifty-one percent (51%) of the assets or outstanding stock of which is owned, by an individual who personally manages and controls the daily operations of such business and who is impeded from normal entry into the economic mainstream because of:

- A) Past practices of discrimination based on race, religion, ethnic background or sex;
- B) A disability defined as a physical impairment that, in the written opinion of a person’s licensed physician, substantially limits one (1) or more of the major life activities of such person and is expected to continue to exist for more than five (5) years, (as used herein, “major life activities” means caring for oneself, and performing manual tasks – which include writing, walking, seeing, hearing, speaking and breathing. T.C.A. 4-26-102); or
- C) Past practices of racial discrimination against African Americans (T.C.A. 12-3-802).
