1:01:03 Use of Campus Property and Facilities

I. Purpose

The purpose of this policy is to provide a uniform basis upon which the College can regulate the use of campus property and facilities while complying with the College’s mission of supporting an educational atmosphere. The policy incorporates the guidelines established in the Tennessee Board of Regents "Access to and Use of Campus Property and Facilities.” This policy shall be implemented and construed so as to ensure no undue disruption of the mission, promote an educational atmosphere on campus, prevent commercial exploitation of students, and prevent use of campus property and facilities contrary to federal, state or local law, regulation, or the rules and policies of the TBR, and its institutions.

In establishing this policy, the College recognizes the importance to the educational process and environment for persons affiliated with Volunteer State Community College (VSCC) including officially recognized student organizations and other groups to have reasonable access to, and use of, the educational facilities at VSCC, to hear various views. Simultaneously, the College also makes clear that its facilities are not open public forums, but are instead intended solely for use consistent with the advancement and orderly administration of its educational mission for the benefit of its students, staff, and affiliated entities. As such, the College does not ordinarily make its buildings or other facilities available to outside individuals or outside groups. Exceptions may be made only if the proposed use is consistent with this policy and College policy and mission.

Disapproval of a space request will include a statement regarding the basis for the denial; Section III. E. outlines some of the reasons for denial. The applicant may appeal to the President or his/her designee in writing. The President will issue a determination on the appeal prior to the proposed event date.
