II Losses of Physical Property

The College maintains -inventory records of all capitalized property. This includes all items such as furniture, fixtures, and office and classroom equipment (e.g., computers and computer peripherals; televisions, VCR's and other audiovisual equipment; lab and instructional equipment, etc.) and costing more than $5,000 or deemed by management to be sensitive property (property with a cost of less than $5,000 but vulnerable to theft or misuse).

Property Losses Due to Misconduct – Losses of physical property from thefts or other suspected fraudulent activities should be reported immediately to TBR and handled as a reportable situation as noted in this policy.

A reportable situation would be any unexplained loss or misappropriation of capitalized or sensitive property and should be reported immediately to the Department/Unit Head. The Department/Unit Head is responsible for immediately reporting the loss to the Chief of Campus Police and Vice President of Business and Finance. The Vice President of Business and Finance is responsible for reporting the loss to TBR immediately or monthly dependent upon the circumstances, Internal Audit and the President of the College are to be notified if the loss exceeds $25,000 or if misfeasance or malfeasance is suspected.

Other Property Losses – Other losses of physical property due to inventory shrinkage, vandalism, unexplained events, natural disasters, or acts of God should be reported to TBR on a monthly basis on TBR’s Property Loss Report. However, unexplained losses and those due to shrinkage or vandalism should be routinely reviewed by management to identify any unusual events, recurring issues or a pattern of losses. If suspected fraud or misconduct is identified in any area or unit, the matter should be handled as a reportable situation as noted in this policy.

Occurrences that are potentially serious situations that would create public concern regardless of amount must be reported to the TBR and the Office of Risk Management immediately, followed by a written report.

Claims Process – Individual occurrences exceeding $25,000 must be reported to the TBR and the Office of Risk Management immediately, followed by a written report. The Office of Risk Management website at http://www.treasury.state.tn.us/risk/index.htm contains contact information
under the “Contact Us” link and details of the insurance claim process under the “Claims Process” link.

Property Loss Report – The report should list equipment items individually and should include all related data as reflected on the equipment inventory list. This information may be forwarded to TBR on an Excel spreadsheet with a brief narrative explaining how the loss occurred. Each property damage report should include a detailed description of the loss and the estimated cost. In addition to the reporting requirements noted above, the department where the loss occurred should also receive a copy of this report.
