

Medical Laboratory Technology Program

Information Packet

Dear Prospective MLT Student,

It is my pleasure to introduce you to the field of medical laboratory technology. Medical Laboratory Technicians (MLTs) perform a wide variety of clinical laboratory tests, and are of critical importance in the healthcare workforce. Our program here at Volunteer State is a “one plus one” program of study. During the first year, students complete prerequisite and general education courses, including a three credit course MLT 100- Introduction to the Medical Lab. MLT 100 is offered in the spring semester, which is also when students can apply to the program. Upon acceptance into the program, students then complete their second year taking MLT program courses, including clinical rotations at our affiliated hospitals. After graduation, students are awarded an Associates of Applied Science degree (AAS), and are eligible for both Tennessee State professional licensure and to sit for the national certification examination. I encourage you to further explore this profession and our MLT program here at Volunteer State.

If you would like to schedule an advising session, please contact me at 615-230-3363, or email kimberly.hammers@volstate.edu.

Sincerely,

Kimberly Hammers, MLS (ASCP)
Acting Program Director, Medical Laboratory Technology Program
kimberly.hammers@volstate.edu
revised: 08/2017

Description of the Medical Laboratory Technician Profession:

Medical Laboratory Technology (also known as Clinical or Medical Laboratory Science) is a profession which combines the challenges and rewards of both medicine and science. A Medical Laboratory Technician (MLT) performs a wide range of laboratory tests that aid in monitoring health, helping a patient's recovery, or diagnosing diseases. Clinical laboratory science is a dynamic profession that continually changes as new medical knowledge is discovered.

Mission of Program:

The purpose of the Medical Laboratory Technician (MLT) Program is to prepare students for an entry-level position in the medical laboratory as well as to pass their national board certification exam and qualify for State professional licensure. It is the mission of the Medical Laboratory Technician Program to provide well trained, professional, knowledgeable and competent Medical Laboratory Technicians to serve the healthcare community and public.

Students learn the theory and principles behind the tests they perform and learn to correlate test results with a patient's conditions. Additionally, students earn general education credits, including math, science, humanities, composition and communications which lead to an Associate in Applied Science (A.A.S.) Degree.

Program Goals:

Upon completion of the program, the student will:

- Demonstrate the ability to comprehend, apply, and evaluate clinical information relevant to their role as a Medical Laboratory Technician.
- Demonstrate the technical competency in all skills necessary to fulfill their role as a Medical Laboratory technician.
- Demonstrate personal behaviors consistent with professional and employer expectations as a Medical Laboratory technician.

Time Course of Program:

The Associate of Applied Science degree in Medical Laboratory Technology is a "one-plus-one" program of study. The first year the student is considered a Health Sciences AS major, and coursework consists of general education courses. At the end of the spring semester while enrolled in MLT 100 Introduction to Medical Laboratory course, students apply for admission to the MLT program. After admission into the program, students are considered to be MLT students and will begin the second year. The second year is a three-semester, full time program of study starting in May of each year. The summer and early fall are spent in the classroom and student laboratories. The late fall and spring are spent in clinical rotations. Clinical rotations consist of 8 hours/day, Monday through Thursday. Students are involved in the educational training for a period of twelve months in order to meet requirements of the program and to fulfill requirements of the Associate of Applied Science Degree. This is a nontraditional course of study so hours of study and length of semester may not be parallel to Volunteer State Community College semesters, holidays, and/or breaks.

Medical Laboratory Program Pre-Program Checklist

1. _____ Complete all College Admission Criteria (<http://www.volstate.edu/Admissions/>).
2. _____ Successful completion of co-requisite courses (**if required**) as determined by the ACT and/or placement test scores. (<http://www.volstate.edu/learningcommons>)
3. _____ Complete and submit the online MLT Program Application no later than **March 15th**. The application form is available at <http://volstate.edu/medlabtech/application-form.php>.
4. _____ Three reference forms completed and submitted to the Program office no later than **April 1st**. Reference forms can be found in the information packet located at <http://www.volstate.edu/MLT>
5. _____ Complete **all general education courses** required for the Associate of Applied Science Degree in Medical Lab Technology and **maintain a minimum 2.20 GPA in these courses**. **Additionally**, all students must successfully complete Computer Applications INFS 1010 **or** pass the computer competency exam prior to the April interview process. For additional information visit: <http://www.volstate.edu/ComputerLiteracy/>.

GENERAL EDUCATION COURSES:

Category	Course	Credits	Completed
• BIOL 2010	Human Anatomy & Physiology I	4	_____
• BIOL 2020	Human Anatomy & Physiology II	4	_____
• CHEM 1030	General Chemistry OR	4	_____
• BIOL 2230	Microbiology	4	_____
• ENGL 1010	English Composition I	3	_____
• MATH 1010 (or higher)	Math for Liberal Arts (or higher)	3	_____
• MLT 100	Intro to Med Lab Tech (Sp only)	3	_____
• PSYC 1030	General Psychology	3	_____
• Humanities/Fine Arts	ONE of the following:	3	_____

ART 1030-Introduction to Art

MUS 1030-Introduction to Music

ARTH 2010-Survey of Art History I

PHIL 121-Introduction to Ethics

ARTH 2020-Survey of Art History II

PHIL 1030-Introduction to Philosophy

ENGL 1030-Introduction to Film

THEA 1030-Introduction to Theatre

**Literature courses available if ENGL 1020 has been completed

- **Elective requirement:** 9 _____

CHOOSE THREE OF THE FOLLOWING COURSES (3 CREDITS EA.):

AHC 115-Medical Terminology

SPCH 1010-Fundamentals of Speech **or** SPCH 103-Public Speaking

INFS 1010-Computer Applications

Including any of the following social science courses:

ECON 2010-Macroeconomics

POLS 110-Introduction to Political Science

ECON 2010-Microeconomics

POLS 1030-American Government

EDU 2200-Educational Psychology

POLS 2010-State and Local Government

GEOG 101-Physical Geography

PSYC 2120-Social Psychology

GEOG 1030-Cultural Geography

PSYC 2130-Life Span Psychology

GEOG 2010-World Regional Geography

SOCI 1010-Introduction to Sociology

HED 120-Introduction to Wellness

SOCI 1020-Social Problems

6. _____ Complete an interview for screening purposes. Applicants will be contacted at the end of March for interview dates. ***NOTE*** Special consideration is given to those with previous health-care experience, high GPA in science courses, knowledge of the profession, and a good interview score. Preference is given to in-state residents.
7. _____ After conditional acceptance into the program is granted, students **must** pass a background check and demonstrate immunity to Hepatitis B (or show proof of receiving the first Hepatitis B vaccine or sign a waiver refusing the vaccine) before formal acceptance is granted. Either the failure to provide the required results by the due date or failing the background check will make the student ineligible for enrollment in this program. Students will have to pass a drug screen later in the program in order to continue to clinical rotations. The background check, urine drug screens, Hepatitis B vaccine and other health screens are performed at the student's expense. (There are several health screening requirements including various vaccinations and health insurance. **Specific details are given to students after conditional acceptance into the program is granted.**)

Additional Program Information:

Accreditation:

Accreditation for this program has been granted through:

NAACLS (National Accrediting Agency for Clinical Laboratory Science)
5600 N River Rd, Suite 720
Rosemont, IL 60018
(847) 939-3597 www.naacls.org

Location:

The program director has an office on the Volunteer State Community College's main campus in Gallatin, TN. All MLT courses except the clinical practicums are taught on the Gallatin main campus.

Clinical practicums take place in area hospitals including:

Centennial Medical Center	Hendersonville Med. Center	St. Thomas Hospital-Midtown
St. Thomas Hospital-West	Skyline Medical Center	Tennova Lebanon
Sumner Regional Med Ctr	Cookeville Regional Med. Ctr	Stonecrest Medical Center
Southern Hills Med. Center	Northcrest Medical Center	Pathgroup Laboratories
Livingston Regional Med Ctr	St. Thomas - Rutherford	Greenview Regional Med Ctr

Essential Functions:

As dictated by leading professional organizations in the field of laboratory science, Essential Functions represent the non-academic requirements of the program that **all students must master to successfully participate** in the program and become employable. A list with full expectations can be found on the program's website. Essential functions include the following topics:

- | | | |
|-----------------------|----------------------------|--------------------|
| 1. Vision | 4. Behavioral Requirements | 7. Professionalism |
| 2. Speech and Hearing | 5. Physical Requirements | |
| 3. Motor Functions | 6. Critical Thinking | |

Professional Resources:

You may wish to further research the Medical Laboratory Technology field by reviewing professional journals or visiting professional websites. Suggested journals, professional websites, and websites for national board certification exams include:

Journals: LabMedicine <http://www.labmedicine.com/>
Advance for Laboratory Professionals <http://laboratorian.advanceweb.com/>
Medical Laboratory Observer <http://www.mlo-online.com/>
Clinical Laboratory Science (published through ASCLS)
AMT Events (published through AMT)

Professional and Licensing websites:

Tennessee Medical Laboratory Board <http://www.tn.gov/health/topic/ML-board1>
American Society of Clinical Pathologists <http://www.ascp.org/>
American Society for Clinical Laboratory Science <http://www.ascls.org/>
American Medical Technologists <http://www.americanmedtech.org/>

SUGGESTED /SAMPLE SCHEDULE:**Required General Education and Major Core Courses:**

FALL- first year	Course	Hrs	Taken
ENGL 1010	English Composition I	3	
BIOL 2010	Human Anatomy & Physiology I(Lecture and Lab)	4	
MATH 1010-or higher	College Algebra	3	
PSYC 1030	General Psychology	3	
Elective	*See above for options	3	
	Total	16	

SPRING- first year	Course	Hrs	Taken
Fine Arts/Humanities	*See above for options	3	
BIOL 2020	Human Anatomy & Physiology II (Lecture and Lab)	4	
Elective	*See above for options	3	
Science Elective: <u>Choose one</u>	BIOL 2230-Microbiology (Lecture and Lab), CHEM 1030-Fundamentals of Chemistry (Lecture and Lab), or a higher level Chemistry	4	
MLT 100*	Intro to Medical Laboratory – offered Spring semester only	3	
	Total	17	

Courses AFTER ACCEPTANCE INTO PROGRAM

Maymester	Course	HRS	Taken
MLT 105*	Hematology/Coagulation	3	
	Total	3	

SUMMER-second year	Course	HR S	Taken
MLT 110*	Clinical Chemistry	3	
MLT 113*	Clinical Microbiology	3	
	Total	6	

FALL- second year	Course	HRS	Taken
MLT 111*	Urinalysis and Body Fluids	2	
MLT 114*	Immunology/Serology	2	
MLT 115*	Blood Bank (Immunoematology)	3	
MLT 200*	Clinical Seminar I	1	
MLT 205C*	Clinical Practicum I	5	
	Total	13	

SPRING- second year	Course	HRS	Taken
MLT 210*	Clinical Seminar II	1	
MLT 215C*	Clinical Practicum II	8	
Elective		3	
	Total	12	
	Program Total	67	

Demonstrating computer competency is a graduation requirement. This can be accomplished by taking the elective course INFS 1010 or by taking the CCE exam.

All course descriptions can be found on the college's online catalogue. <http://catalog.volstate.edu/> (All program courses have the prefix 'MLT.')

Volunteer State Community College
Medical Laboratory Technician Program Reference Form

Applicant's Name _____ Vol State ID Number _____

TO THE APPLICANT: Three reference forms are due in the MLT or Health Science office by **April 1st, no exceptions.**

Applicant's signature _____ Date _____

TO THE REFERENCE: This applicant has applied to the Medical Laboratory Technician Program at Volunteer State Community College and has given your name as a reference. Your candid evaluation of the applicant's qualifications will be greatly appreciated. Mail the completed form directly to **Volunteer State Community College - Medical Laboratory Technician Program - 1480 Nashville Pike - Gallatin, TN 37066. Do not return this completed form to the applicant unless it is in a sealed envelope.**

How do you know this applicant and for how long? _____

Characteristics	Superior 5	4	3	2	Poor 1	Not Applicable
Academic Potential						
Adaptability						
Attendance						
Emotional Stability						
Independence						
Leadership						
Math & Computer Skills						
Maturity						
Oral Communication						
Organization						
Punctuality						
Reliability						
Responsibility						
Team Work						
Written Communication						

COMMENTS: Please add any comments that will provide a complete picture of the applicant's abilities and potential as a student and health care professional. Use an extra page if necessary. _____

Reference's Name: _____

Organization & Title: _____ Phone Number: _____

Signature: _____ Date: _____

**Medical Laboratory Technology Program A.A.S.
Average Program Costs**

1. VSCC Application Fee		\$ 20.00
2. Books (estimated)	Summer semester	\$500.00
	Fall semester	300.00
	Spring semester	200.00
3. Clinical costs (estimated)		
	Physical examination	possibly no cost
	Disease screening (titers)	80.00
	Hepatitis B immunization and titer	250.00
	Measles, Mumps, Rubella Vaccination	70.00
	Chicken pox Vaccination	125.00
	Tuberculosis (TB) screen	17.00
	Color blindness test	possibly no cost
	Malpractice Liability Insurance	50.00
	Health Insurance	Dependent on provider
	Lab Coat	No cost
	Background check	50.00
	TN State Training License	No cost
	Drug screen test-10 panel	40.00
	Professional dress/scrubs	200.00

*Vendor information will be provided by program director

4. After Graduation Fees	National Board Certification exam (only one of the following is required):	
	ASCP BOC	200.00
	<u>&/or</u>	
	AMT	135.00
	State Professional License	60.00
	State Background check	45.00
