

Technology Department programs are growing in popularity as information technology (IT) jobs explode throughout the region. Amazon, Facebook, Oracle, and SAIC are just a few tech employers recently arriving or expanding. Today, nearly every employer needs tech workers. Vol State programs give students the knowledge and skills to work in exciting IT fields such as cyber security, networking and systems administration, programming, and software design and development.

Students in the Networking Concentration will complete coursework and hands-on experiences in planning, design, implementation, and maintenance of networks of different sizes. In addition to networking skills, students will also complete Computer Science coursework in security, operating systems, server management, and programming, in combination with other technology courses. Certifications applicable to this concentration may include Network+, A+, and Cisco CCNA, among

others. Required courses are A+ Hardware & Software, Windows Server Administration and Network Security..

Recommended Semester	Class
Fall, Junior Year	ENGL 1010 - English Composition I
Fall, Junior Year	CITC 1301 – Intro to Programming and Logic
Spring, Junior Year	CITC 1302 – Introduction to Networking
Spring, Junior Year	COMM 2045 – Public Speaking
