

Entertainment Media Production combines several areas with the same purpose: to get students trained and plugged into the entertainment industry in Tennessee.

Tracks include concentrations in music production, music business, multimedia and web design, and video production. The Associate of Applied Science program is designed for the media workplace.

This track prepares students for work in the business sector of music entertainment. The track focuses on skills necessary for beginning and maintaining a professional career in the music entertainment industry. The track has a strong emphasis on practical applications of classroom knowledge to the Nashville Business environment.
