

III 11 05 STUDENT ACTIVITY FEE

Definition: The Student Activity Fee is a non-refundable fee to fund student activities.

Establishment: The amount of the Student Activity Fee shall be established by a vote of the student body and approved by the Administration of the College. Any increase in the Fee shall be decided pursuant to T.C.A. 49-8-110 by a vote of the student body before any administrative approvals shall be granted.

Assessment: The Student Activity Fee shall be collected from each enrolled full-time or part-time student, excluding dual enrolled students, taking credit courses on or off campus each academic term. The Fee shall be collected in addition to the maintenance fee, out-of-state tuition, access fee, Student Government Association Fee, and/or any other incidental fees related to the enrollment of a student.

Authority: Recommendations for student projects and student activities shall be submitted through the Office of Student Engagement and Support. Denial of funding from collected student activity fees for a recommended student project or student activity may be appealed to the Vice President for Student Services.

Restrictions: These fees are unrestricted current funds revenues. No portion of collected student activity fees shall be used to finance instructional activities, sectarian religious activities, charitable causes, partisan political activities or salaries. Pursuant to T.C.A. 49-8-110, this policy shall not prohibit the assessment and collection of an additional increase in the Student Activity Fee to be used exclusively by the Student Government Association for student projects, student activities and student scholarships.
