

Name of Program: Dental Assisting Program

Narrative: Some states do not require dental assistants to be registered. However, if the dental assistant desired to perform radiographic x-rays or expanded function duties such as coronal polishing and placement of dental sealants, the specific state would require the applicant to produce proof of completing an ADA CODA program equivalent to the state’s dental practice act and completing a jurisprudence exam specific to the state in which applying. In addition, many States recognized the Certified Dental Assisting Exam or CDA, which all VSCC dental assistants are eligible to take, as a pathway to becoming registered.

State Licensing should indicate if the program curriculum **Meets** the in these states and US Territories, **Does NOT Meets** the in these states and US Territories or **Undetermined** if the program has not yet determined if the curriculum is met for these states and US Territories.

VSCC Contact for questions about licensure and certification:  
Desiree Sutphen, desiree.sutphen@volstate.edu, 615-230-3439
